PROSPECTUS

Love to Learn, Will for Wisdom, Sure to Succeed

The School Prayer

O, God our father,
you have blessed us
with the gift of this new day.
Help us to be well and
spend wisely the time which
you have given us, guide and
direct us all through this day,
help us to be loving and obedient ...

Amen

The School Pledge

India is My Country.
All Indians are my brothers and sisters,
I love my country and,
I am proud of its rich and varied heritage,
I shall give my parents, teachers
and all elders respect,
and treat everyone with courtesy
To my country and my people
I Pledge my devotion in their
well being and prosperity
alone lies my happiness.

School Anthem

I love to learn, Have a will for wisdom
and i am sure, I will succeed at
blue bells Keeping the motto high,
with strong determination we tread forth,
we tread high at blue bells God be our guide,
teach us to fight, what wrong
may come diminish with thy Guiding light
keeping the motto high,
with strong determination we tread forth,
we tread high at blue bells Aspiring to,
be a nations pride to make our parents feel
delighted and honoured keeping the motto high,
with strong determination we tread forth,
we tread high at blue bells

WELCOME TO OUR HAPPY SCHOOL

In attempting to bring about the modernization of educational management to meet the ever growing and fast challenges and responsibilities of the coming generation, **BLUE BELLS GROUP OF SCHOOLS** has taken upon itself, an onerous commitment to endeavor to make virtual structural improvements in the educational system, both institutional and supra - institutional with a view of obtaining quicker results through functional improvements and dedicated application. That way, we feel, we are different from the ordinary.

Our School came into inception to the ordinary being by the fundamental need for the introduction of an idyllic system of knowledge, to tap the potential of the budding scholars of Jhansi.

BLUE BELLS GROUP OF SCHOOLS continues to inspire every child to become both good and smart, a gift of God to mankind, pride of the human race and a potential light of the world and visualizes to create leaders of thought and visionary world, citizens who will work for peace and unity of the world.

In a world that is today, defined by success and competitions, we are faced with challenges. The transformation of education from the old to the new has thrown about new dimensions in educational institutions.

We at Blue Bells Group of Schools understand the direction of the winds of change and have prepared our educational programmes accordingly. Our students are challenged to think, understand and challenge conventional wisdom in order to forge a new direction to accumulate knowledge and solving problems. We base our philosophy on four basic principles of knowledge, attitude, skills and hard work which we believe are the foundations for success of any student. Blue Bells Group of Schools is proud to have best teachers who bring within themselves academic as well as extra curricular experience to enhance the learning abilities of their students. Every effort is made to reach out to all students by ensuring constant appraisal and feed back system.

I take this opportunity to welcome you to the B.B.P.S. world, where our dream is to ignite your potential and to guide you to achieve success over your lifetime. I do hope that, I along with my management and staff will go hand in hand for a better future for all of us.

VIRENDRA K. RAI
(CHAIRMAN)

It is a matter of pride to pen down the message. My heart fills with immense pleasure as I perceive the progress being made at Blue Bells Group of Schools. The seeds of an idea sown many years ago have quickly come to fruition and the school is growing into a strong sapling. It is the endeavor of the Principal and the entire faculty to make academics a smooth journey full of joy and discovery.

The school is a platform for the students to express their creative pursuits which develop originality of thought and perception in them. It reflects the wonderful creativity of thoughts and imagination of our Blue Bells Group of Schools. Every year our students and teachers have tried to show elation of their heart.

The world today is changing at such an accelerated rate and our school is well equipped to prepare our children to face challenges that the future holds. We impart education to match the advancement in technology and globalization. We make our children to march ahead with moral values and principles. We constantly endeavor to install these moral and ethical qualities in our children.

VARSHA RAI
(CHAIRPERSON)

Vaishali Shivhare
(Vice Chairperson)

Aspirations & Desires are always the hallmark of the young which always existed and still exist among the young. My idea of education is to settle the minds of the young and inflame their intellects, What our nation needs today, is the power of youth. The youth today is called by many names. It is this generation Z, which is going to lead the nation and the world. "Leaders of tomorrow", is what they are called as. The world is in deep need of such people, who hold the fervour of leading a nation or doing good deeds. Our nation calls for young leaders who can lead us through, as there is an urgent need of youthful figures. Therefore it becomes our duty to encourage our children to work extensively for the creation of new knowledge, new ideas and a new awakening. We, at Blue Bells Group of Schools leave no stone unturned in moulding and giving shape to their bright future. We also aim at teaching our students to be disciplined. It should be remembered that discipline makes a home, it makes a society and it is just a magic that builds a nation. I personally feel that our nation needs a great change and we at our institution along with the management, staff and support of our parents will make that change.

Dear Parents, To embark on a journey of success one needs the tools of preparedness, foresight and strategy. Blue Bells Group of Schools is a place of learning just stepped into a new era of a successful and eventful learning. We stand at the threshold of new challenges and opportunities. Challenges to offer meaningful response to the expectations of new generation, to translate expectations into realities.

In the past few years we have crossed some more milestones. At every step we had the support and motivation provided by confident parents, dedicated teachers and committed students. Needs of the society are like an ocean and the service we render are mere drops. So I am now determined to add as many drops as can and say to myself with contentment, I tried my best. I express my gratitude to the teaching staff, guardians and well wishers for their continuous efforts, guidance and support to the affairs of Blue Bells Group of Schools.

Vishal Rai
(Managing Director)

I take pride in stating that Blue Bells Group of Schools has been successful in proving true to the words of Willa A. Foster "Quality is never an accident; it is always the result of high intention, sincere effort, intelligent direction and skillful execution; it represents the wise choice of many alternatives. Our institution has carefully trudged up the road of achievements, consistently striving for betterment and has carved a niche for itself in the education fraternity. I wish it well for the future and hope to see this institute and its members reach the pinnacle of their success. In the form of Blue Bells Group of Schools, I want to give that children the joyous & amour of a joint family in the era of nuclear family. My vision is to create Blue Bells a home away from home with full of love, affection & blissful education.

TANYA RAI
(Director)

VIKAS RAI
(Director)

Looking at the past, I feel immense pleasure in shaping the dream of Blue Bells Public School into a well established institution in Jhansi. Blue Bells Public School is one of the finest institutions in its province as it is unique in its kind. The infrastructure of the school is an exemplary to all. Blue Bells Public School aims to offer a challenging and balanced education, which prepares its pupils for adult responsibilities in the new generation. The school is committed to society at large and aims to fulfill its obligations to the communities it touches, with appropriate initiatives, in a dedicated and comprehensive manner.

A great deal of stress is laid on strengthening the moral values, promotion of culture, social and spiritual values so that the destiny of every country could be shaped in the class room and that India needs today for supreme accomplishment in the series of the nation. BBPS believes that progressive nations have strategically invested heavily in education on a long-term basis. We are living in age of knowledge explosion. The more we acquire, the more powerful we become. Blue Bellians are being shaped to become productive and proud citizens of our nation. They are taught to be morally sound, confident, up to date, technologically sharp. Blue Bells Public School is a futuristic school.

Dr. Nitin A. Williams

(Principal)
UNIT -1 CISCE

Everyone has a purpose in life..... a unique gift, and when we blend this unique talent with service to others, we experience the ecstasy and exaltation of our own spirit, which is the ultimate goal of all goals. We at Blue Bells Group of Schools succeed in combining academic excellence with an out standing range of opportunities beyond the classroom. It is our aim to produce young men/women who will go on to be leaders in their chosen profession. We not only provide good education that liberates but also to inculcate an attitude toward the betterment of the society. We believe deeply that quality education is a necessary pre condition for a better world and pledge with efforts to ensure that our school meet all your children's needs, is well equipped, well resourced and well staffed campuses that are essential in the quality of education they provide. Our entire staff is committed to establishing a school environment that allows students to flourish and grow on all level mean while enjoying their learning experience. I personally invite you to join us in our endeavor to create a knowledge based society that fortifies the intellectual, physical and mental dimension off all individuals. My idea of living life is accept each moment of life graciously. preforming duties continuously encouraging people, cordially sharing their joys & sorrows caringly, giving my time and talents to those in need generously, enjoying the benefits of advancement in various fields gratefully, welcoming Gods presence

Education is not an art of acquiring knowledge but learning a skill to lead life and forming one's personality. We at Blue Bells have made every effort to be sensitive, compassionate and trustworthy to our students in academics, social and spiritual fields. The way we teach and the way our students learn are unique and creative consistently. We always keep on improving and transforming ourselves as an efficient agent of social change. A student today grows up to be the leader of tomorrow. We have plans and dreams in the years to come. We will continue giving quality education to the students. I feel happy that students perform remarkably well and become a bright and talented individual. What makes me happier is when weak students from rural background progress steadily from poor performance to better. A solid partnership between them and schools is an essential element in the successful learning of a child. It also provides effective communication which enables to share purpose and mutual understanding. Your input is welcome and much valued as your presence in many varied opportunities available. We must remember that each word spoken and each attempt made is like a drop of water fallen into a pool, the drop itself may disappear, but it will create ripples that will reach far beyond its imagination. I believe : For our own success to be real it must contribute to the success of others".

Dr. Reena R Williams

(Principal)
Unit-II CBSE

Rising Strong Women NCC Cadets

OUR E M B L E M

Since time immemorial the chimes of bells is considered a symbol of triumph of human spirit over the evil forces and ignorance in its onward march to civilization. It is an apt emblem for an institution engaged in training and moulding, the minds of young members of society on whose shoulders the burden of taking this march to glorious heights is shortly going to fall. That they are reminded constantly of their future role. We have embodied in our emblem the symbols of essential attributes which will equip them to fulfill their role in important missions of life. In our emblem with in the bell in the center 'Our Star Child' carrying a book and a paint brush in the right hand which indicates knowledge & art. Kicking the football with the right foot symbolize sports, an essential part of education for keeping the child physically and mentally fit. The torch in the left hand depicts the purpose of education i.e. to disperse light, to the world and help to seek truth & enlightenment. The Crown on the head represents laurels, medals, trophies and inning achievements. The left foot forward indicates intense desire and date nomination to stride ahead where sky is the limit and shine like the sun to give light to the world as shown in our emblem.

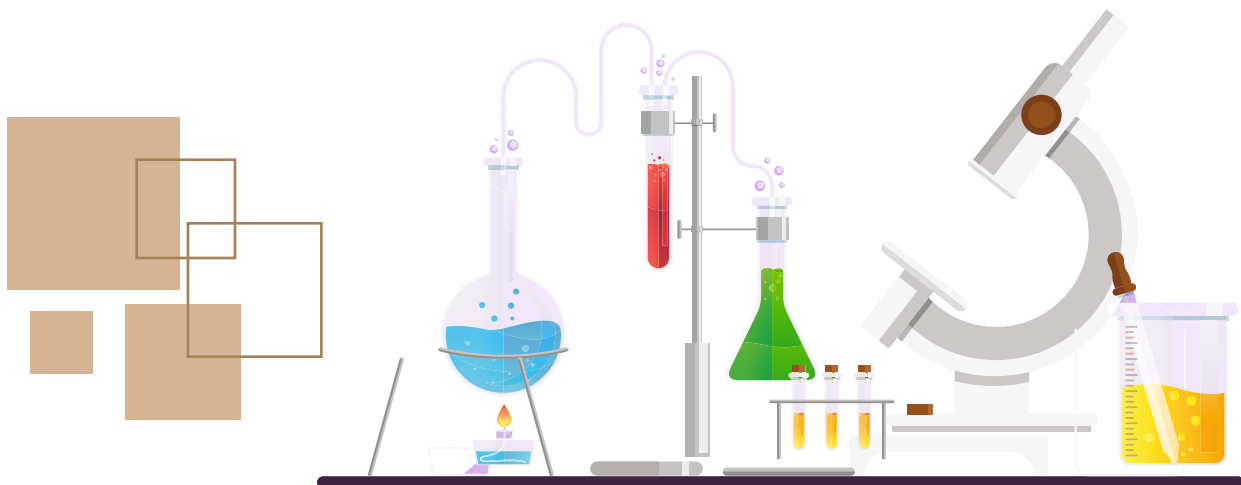

Our Emblem in Short Stands for ...

Love To Learn | Will For Wisdom | Sure to Succeed

Education, as is often misconstrued, is not “Filling the mind with acts and ideas”. In the context of the child, education should be both formative and informative. And yet another basic factor in the child’s education is ‘Motivation’. The mind of the child is both receptive and selective. A proper attractive environment, a technique that would evoke, curiosity and interest, plus an inducement, subtle but strong, to make the child think for themselves and above all, the expression of lavish and loving concern, are all important basic factors in child education which no other educational institution committed to the interest of the children, can afford to overlook.

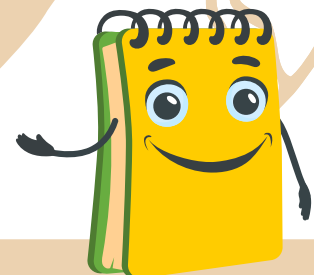

Academics At **BBPS**

Education is the most complex issue of our times. In the past, it was sufficient that some children performed well while others failed behind. Today, every child must be our focus and every child must succeed by succeeding means every child must do the best, relative to his/her innate potential. (Education's ethic to not to compete with others. "The new principle of education is to compete with yourself".)

Every child is capable of becoming a contributing member of a family and of the community and is herefore already successful if we visualize a good outcome, we will get good outcome. We see a mighty tree within each sapling and we provide it the best conditions for its full potential to be realized because we at Blue Bells believe that every child can and must excel. The thrust of the Blue Bells academic programme and its objective are presented in the next few pages for each stage of development as follows.

Pre Primary Years	Joyfull (Encouragement)
Primary Year	Formative (Encouragement)
Middle Year (Junior)	Eventful (Encouragement)
Senior Year	Victorious (Encouragement)

Blue Bells provides a rich learning experience for its students and teaches them the value of both hard and smart work, goals and outcomes for each stage of development are clearly articulate. Teachers receive training in advanced methods of teaching and learning. This last year, we have laid special emphasis on service Training of the pre-primary teachers.

Educational System

Our Institute is affiliated to Unit-1 CISCE-New Delhi (Council for the Indian School Certificate Examinations).

Unit-2 CBSE, New Delhi (Central Board of Secondary Education) with classes from Play Centre to XII. Our education system is based on most modern scientific and psychological methods. Individual attention is given to every student.

A proper balance is maintained between rigidity and elasticity in administration. To make learning enjoyable, effective and easily comprehensible to the child. We make extensive use of audio visual aids. In the age of rapidly dwindling moral values, along with the lessons, we strive to inculcate discipline in our students and guide them on the path of righteousness and moral courage.

Physical Facilities

At present our school is running classes from Play Centre to Class XII to give each child adequate attention and to avoid overcrowding we have planned to subdivide each class into sections.

Besides providing quality academic equation in the class rooms, the following facilities are also made available.

- (a) Spacious play ground
- (b) Dance classes
- (c) Martial Arts
- (d) Sargam Classes
- (e) Art and Craft/Drawing & Painting
- (f) Yoga
- (g) Malkhamb
- (h) Robotics

Aims and Objectives

- Establishing and running an Educational complex in building up a strong young generation with a sound body and well developed mind.
- To enable the pupils to receive the right education from dedicated teachers under dynamic administration this will enable the students to profit best by their learning.
- To prepare children for complete living.
- To impart a sound and all round education to the child irrespective of caste, creed and religion.
- To provide proper orientation to the child through purposeful education aimed at bringing out the potentials in the child and their rightful utilizations.
- To orient the child to develop a strong character, trust self dependability, honesty and fellow-feeling towards other, a sense of duty towards the institution and society.
- To orient the child to strive for excellence in every field.
- To foster realistic understanding and appreciation of the culture of India.
- To provide a psychological, sociological, cultural, moral and economic foundation of educational objectives.
- To channelize the energy of every student in the right direction with the help of conducive environment and train them to become responsible citizens of India.

Pre Primary

Pre-primary education sets the tone of a child's learning in a nurturing environment, and lays a healthy foundation for the child's all round development. We at Blue Bells Public School take extra care and attention to let them achieve this goal.

- We focus to give them an atmosphere of self learning which they acquire while playing singing and moving around.
- We use interesting teaching aids, and organised group activities in which they learn role plays, storytelling, rhyme recitation which are the integral part of learning.
- Wonderland, a well equipped play zone allows children to engage in physical activities that promote overall physical development.
- Learning by doing is encouraged through art, craft, music and dance. These activities help children to acquire integrated knowledge, fine and gross motor skills, apart from making them enjoy learning.
- Festivals and special celebration help children understand and value cultural heritage and appreciate diversity.
- Field trips are of great importance as they help a child to explore and learn practically becoming confident and independent
- Remedial classes aims at giving extra support and attention to the kids, who are academically weak hence raising their level of knowledge to match with others.

1st School in Bundelkhand with fully Air conditioned Play Zone.

WONDERLAND

Organising Sports Day in a school helps the children to inculcate qualities like Sportsmanship, Team work, Self-confidence and leadership.

Blue Bells Public School organises Annual Sports Day every year. Little tots from classes Play Centre - Class V participated with full zeal and enthusiasm. They display their skills through fun dances.

The children received medal and certificates for their best performances. The parents also actively participated in fun races and loved the effort put in by their children.

Middle Years

BLUE BELLS GROUP OF SCHOOLS provides a framework of learning which encourages students to become creative and reflective thinkers.

BLUE BELLS GROUP OF SCHOOLS emphasizes on intellectual challenges encouraging students to make connections between their studies and the real world.

Development of skills and communication.

Providing them with skills and attitude they need in order to take responsible action in the future.

Victorious Senior Years

Special outcome of senior education at BLUE BELLS.

Performance in the board examinations.

Proficiency in spoken English. Personality Development.

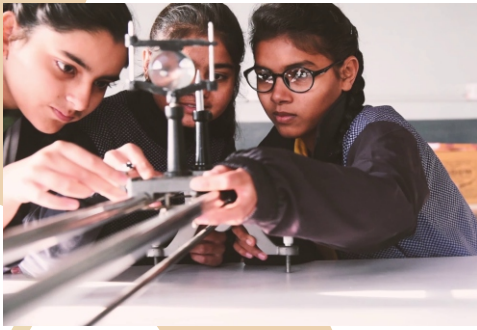

Preparation for a life of service.

Certificate based Finishing School Division.

Promotion at various level District, State and National Event.

BLUE BELLS GROUP OF SCHOOLS in partnership with its parents seeks to instill in its students high standards of academic scholarship, integrity, leadership and the quality of responsible citizenship. We help each student to improve the skills needed for success in secondary school and establish values that will allow him to act with thoughtfulness and humanity. Students are provided with strategies and the 10 keys to success in Board Examinations that help them study smarter and not just harder.

DISCIPLINE

Pupils will have to follow the rules of school. Every student must come to school with clean and ironed uniform and polished shoes. Personal cleanliness and hygiene is expected by all pupils. Uncombed hair, shabby appearance, long nails etc., will not be tolerated.

ADMISSION PROCEDURE

The following procedure has been evolved to help the parents/guardians seeking admission for their wards in our school.

REGISTRATION

Parents/guardians are requested to fill the form in all respects and submit it to the school during office hours between 9:00 AM to 1:30 PM, except on holidays. Registration of a child does not guarantee admission in the institution. The idea of registering the names in advance is to estimate the probable number of students seeking enrollment in each class and to help the management in examining the feasibility of opening new sections of classes and to create a very clear channel of communication with the parents/guardians.

PARENTS ARE REQUESTED

- No reduction in fees will be made for continued absence, whatever the reason may be.
- To send their wards in proper school uniform.
- To see that they are punctual and regular to school.
- To see that they come to school with necessary books and stationary.
- To see that they abide by the rules.
- To encourage them to participate in co-curricular activities.
- To go through the diary of their children everyday as the school shall be sending messages, notices, reports etc through it.
- Suggestions made by parents in a co-operative and constructive spirit are always welcome and will be given due consideration and appreciation.
- To download BBPS e-connect to get updated about the ward's attendance, homework, fee payment etc.

GENERAL RULES

- Vacations: There are two vacations, one of about 8 weeks duration from about the first/second week of May till the last week of June and the other of approximately 2 weeks from First week of January to the 2nd week of January.
- While communicating with the school, the parents must mention in their letter the full name, class and section of their ward. Change in address or telephone number, if any must be intimated as soon as possible, to make proper use of SMS alerts etc.
- Parents are requested not to tip the school support staff. Parents desirous of doing so may contribute to the Staff Welfare Fund in the Principal's office.
- No contributions or fines are demanded verbally from the pupils. If noted in the school diary the signature of acknowledgment must be checked the same day.
- Parents should see that all assignments are completed and homework given in the diary is attended to.
- Wearing of jewellery bringing of expensive articles or money to the school is strictly prohibited and the school will not be responsible to their loss.
- No pupil suffering from any contagious or infectious disease shall be permitted to attend school till he/she brings a Medical certificate of fitness.
- Private tuition by our teachers are not permitted. If they become necessary on any grounds would be advisable to consult the Principal.
- Bags, tiffin boxes, water bottles etc. must bear the name of the child.
- An application from the parents for leave of absence must be sent in advance, or within a week.
- Parents should reassure that all required vaccinations have been given to the children.

THE MANAGEMENT RESERVES THE RIGHT TO RELAX ANY OF THE ABOVE RULES OR REQUIREMENTS IN EXCEPTIONALLY DESERVING CASES. IN WHICH REGARDS, THE DECISION OF THE MANAGEMENT SHALL BE FINAL AND BINDING ON ALL CONCERNED MATTERS.

GENERAL INFORMATION

Test and Examinations conducted as per the guidelines laid down by Council for the Indian School Certificate Examination, New Delhi and Central Board of Secondary Education, New Delhi.

SCHOOL TIMINGS

	Mon - Fri	Saturday

Students with Ms. Jyoti Singh Indian Junior Women Hockey Team Captain

ADMISSION

AGE OF PUPIL

Age of pupil as on 1st April should be as follows:- Play Centre 2 yrs and 5 months, Nursery 3 yrs, LKG 4 yrs and UKG 5 yrs.

ADMISSION NOTICE

All children registered with us have to undergo entrance tests except for Play Centre/Nursery. The idea is to test the ability of the child. Admission is given on the basis of merit and the number of seats available. In such matters the decision of the Principal will be final.

CONFIRMATION OF ADMISSION

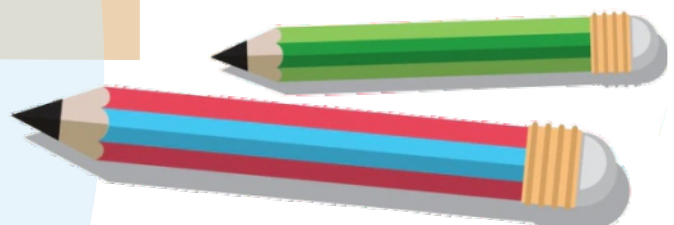

After passing the admission tests a candidate is considered eligible for admission provided seats are available in the class but confirmation of admission is done after submission of Birth Certificate/Transfer Certificate, a passport size photograph along with the admission form.

RESULTS

Result of the entrance test is displayed on school notice board. Only students registered with us and qualifying in the admission tests are eligible for enrollment in the respective classes, subject to number of seats available and their merit order. The dates for enrollment for qualifying pupils and payment of school fees etc., shall be strictly followed as per the announcement by the school.

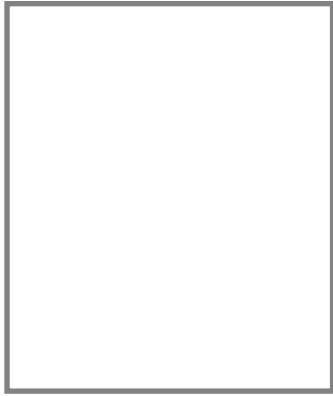

WITHDRAWAL

Parents/Guardians wishing to withdraw their children are required to put in their application 30 days in advance. However, the school's fee for the entire session will have to be paid before issuing T. C Refund of school fees etc., would not be made under any circumstances.

GENERAL INFORMATION

1. Name.....
(In Block Letters)
2. Date of Birth.....Place of Birth.....
(Please attach a copy of birth certificate/proof of age)
3. Mother tongue.....Nationality.....
4. Religion.....Caste.....
5. Father's Name.....
6. Profession/Occupation.....
7. Permanent Address.....
8. Phone No.: Res.Off.
9. The class in which admission is desired.....
10. Name of present school.....
11. Is any of your children currently a student of our school?
 Name (s) 1) Class/Sec.....
 2) Class/Sec.....
 3) Class/Sec.....

I have read the "instructions" given in the prospectus and seek to get my ward registered in order to take the entrance test for admission in Blue Bells Public School. I shall abide by all the rules and regulations, as will be in force, from time to time. I have also taken due note of the fact that the submission of the registration form and the fee does not make it obligatory on the part of the School to enrol my ward and also that the registration fee is not refundable. I am also fully aware of the criteria of eligibility which is desired for enrollment / admission in a particular class.
